

FREIGHT PALLETIZATION PROVIDES CONVENIENCE AND SAVINGS

HOW IT WORKS . . .

- Must have 15 or more units for delivery
- Visit www.CinchKit.com/the-library, go to Measurement Forms
- Select Palletized Freight Form
- Complete and send to shiponpallets@CinchKit.com

Take away the hassle of managing large shipments that are poorly labeled and difficult to manage by using the affordable, convenient palletized freight from Cinch Kit. All parts still come in our easy-to-manage kits, but are placed on a pallet for ease of movement, storage and potential freight savings.

TIME SAVINGS

Cinch Kit freight palletization offers the fastest lead-time (5-7 business days) in the refacing industry. We ship parts orders next-day.

ORDER ACCURACY

Cinch Kit's one-stop solution for cabinet refacing reduces the potential for errors. Complete kits are still packaged by unit with no sorting needed.

IT'S EASY

Place your order as you do today, but also include the freight palletization form. Your order will be delivered on pallets to provide ease of storage and movement.

POTENTIAL FREIGHT SAVINGS

Freight palletization frequently allows for money saving. We will provide you with a quick quote so you can see the savings, first-hand.

RESPONSIVE CUSTOMER SERVICE

You receive an immediate response from our trained staff to solve any issues.

Call or visit CinchKit.com/the-library to get started with your Palletized Freight Order.
